<b>Shutter</b> 1 inch wide	<b>Shutter</b> 1 inch wide	<b>Chimney back side</b> 1-1/2 inches wide	2 inches tall

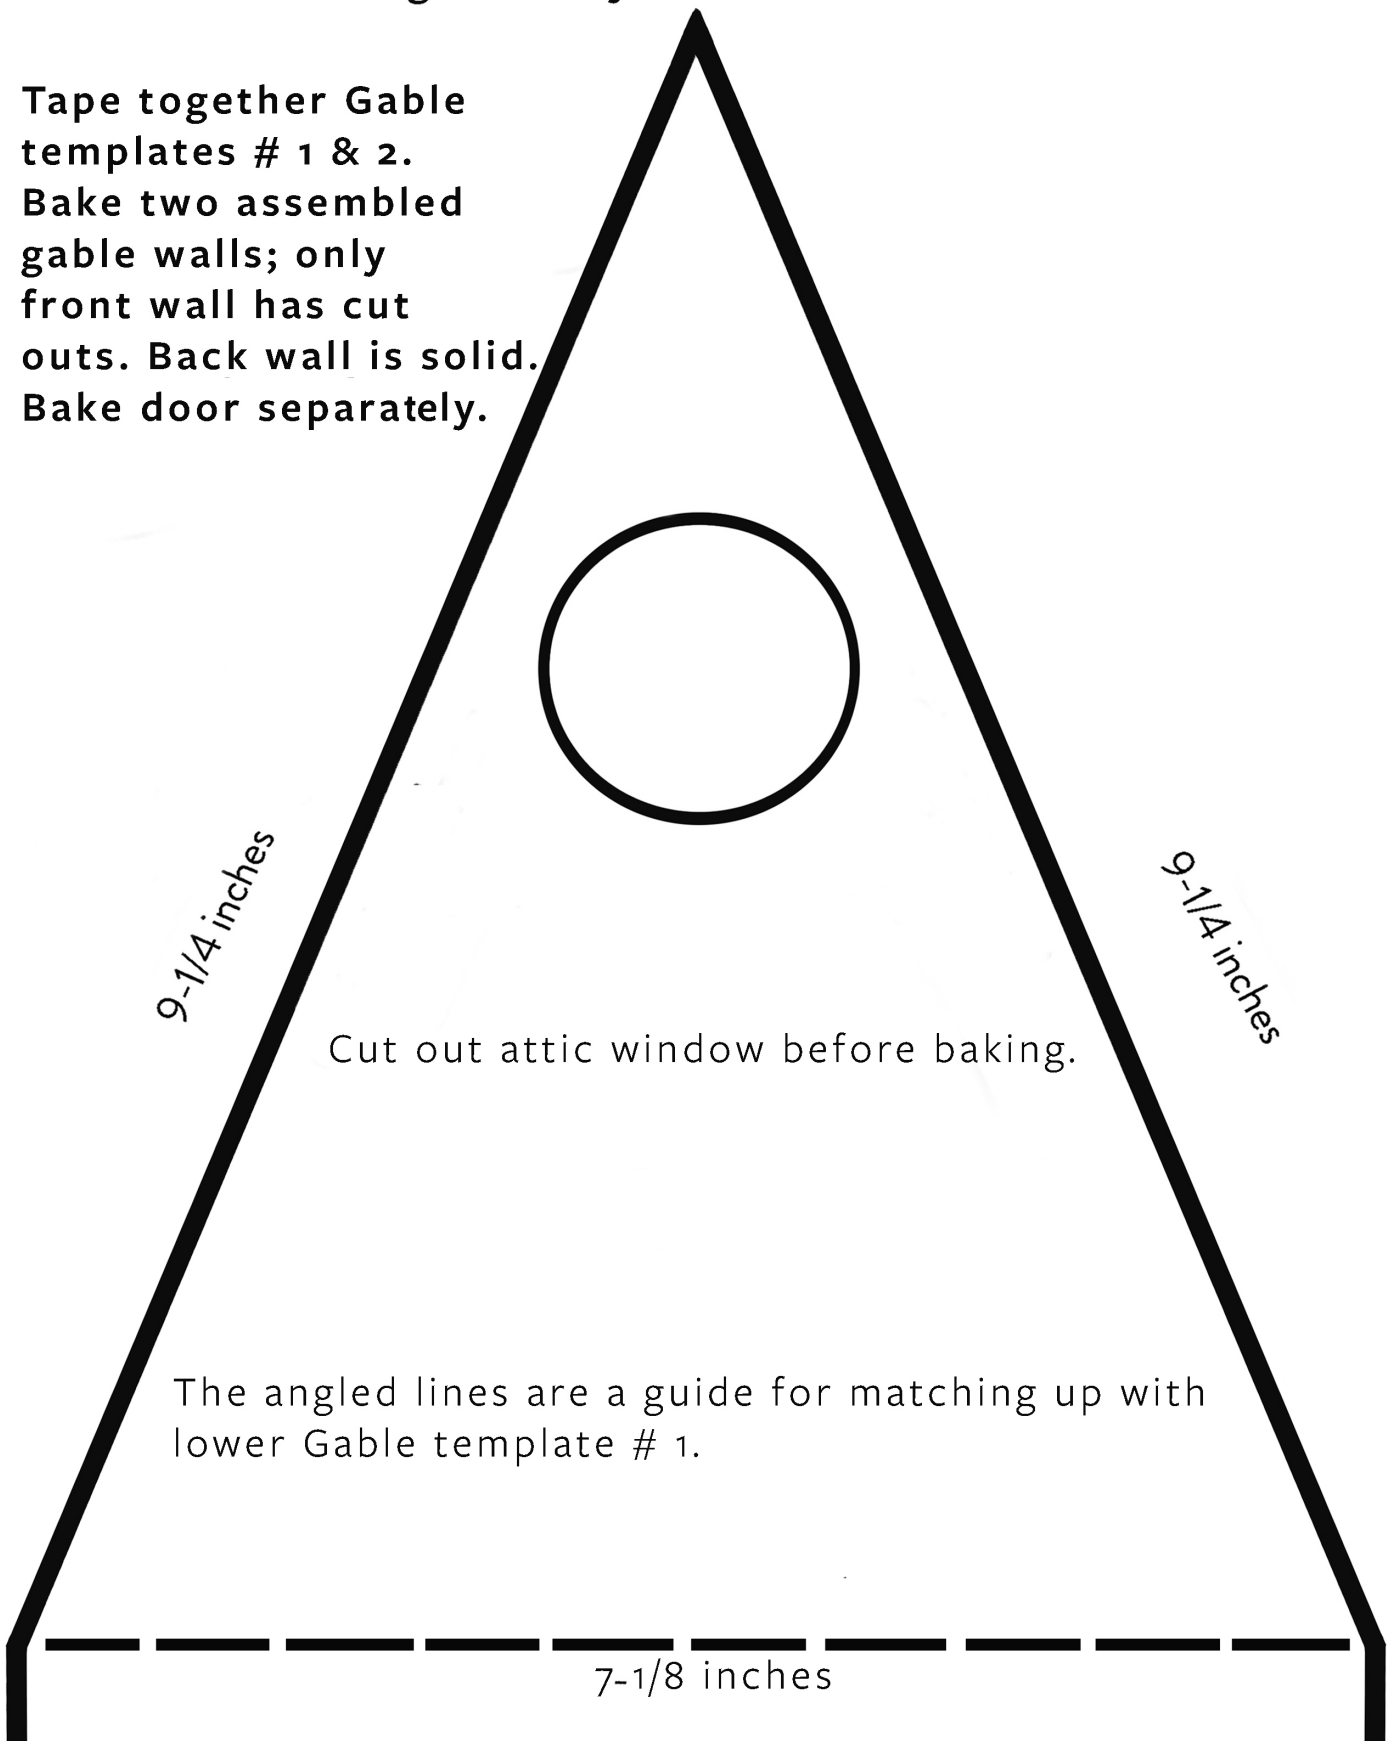

## Gable Template # 2 "upper part"

Important: Print scale 100%, not scale to fit media, or fit to page.

Bake two sides for front and back gables.

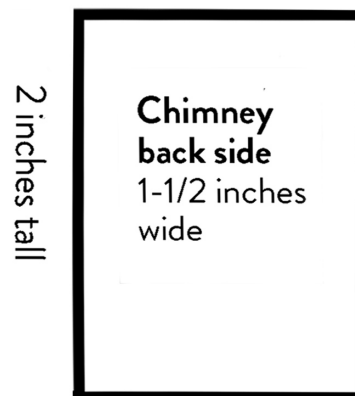

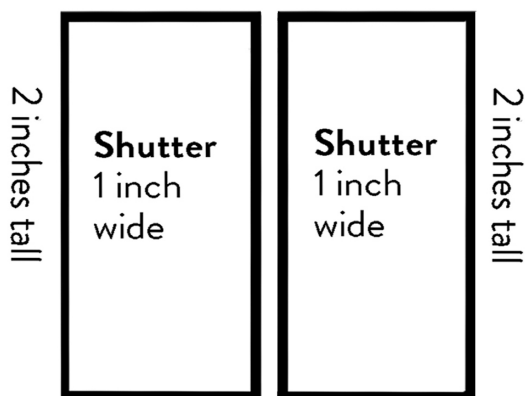

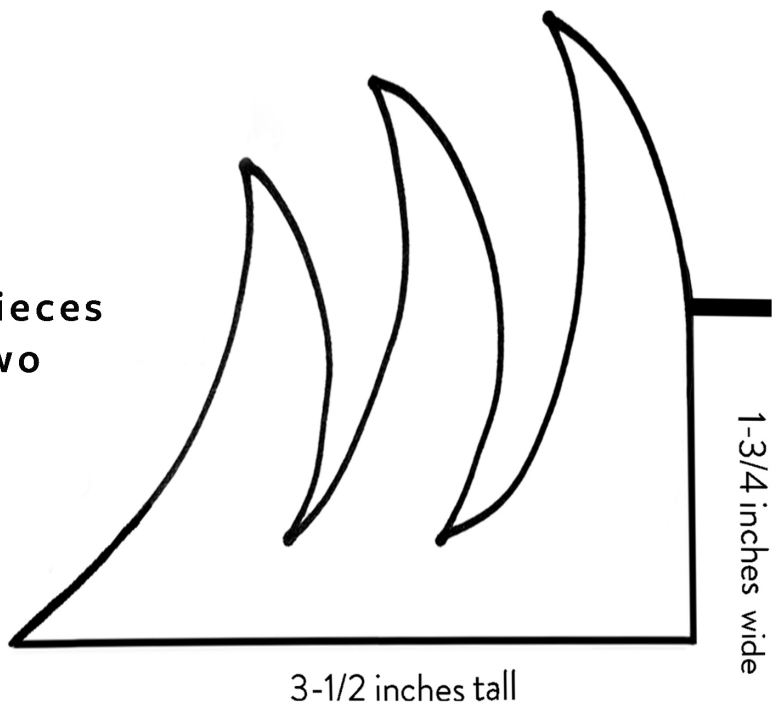

The back gable stays solid with no cut outs.

Tape together Gable templates # 1 & 2.  
Bake two assembled gable walls; only front wall has cut outs. Back wall is solid. Bake door separately.

**Important: Print scale 100%, not scale to fit media, or fit to page.**

**Bake six pieces  
to make two  
3D trees.**

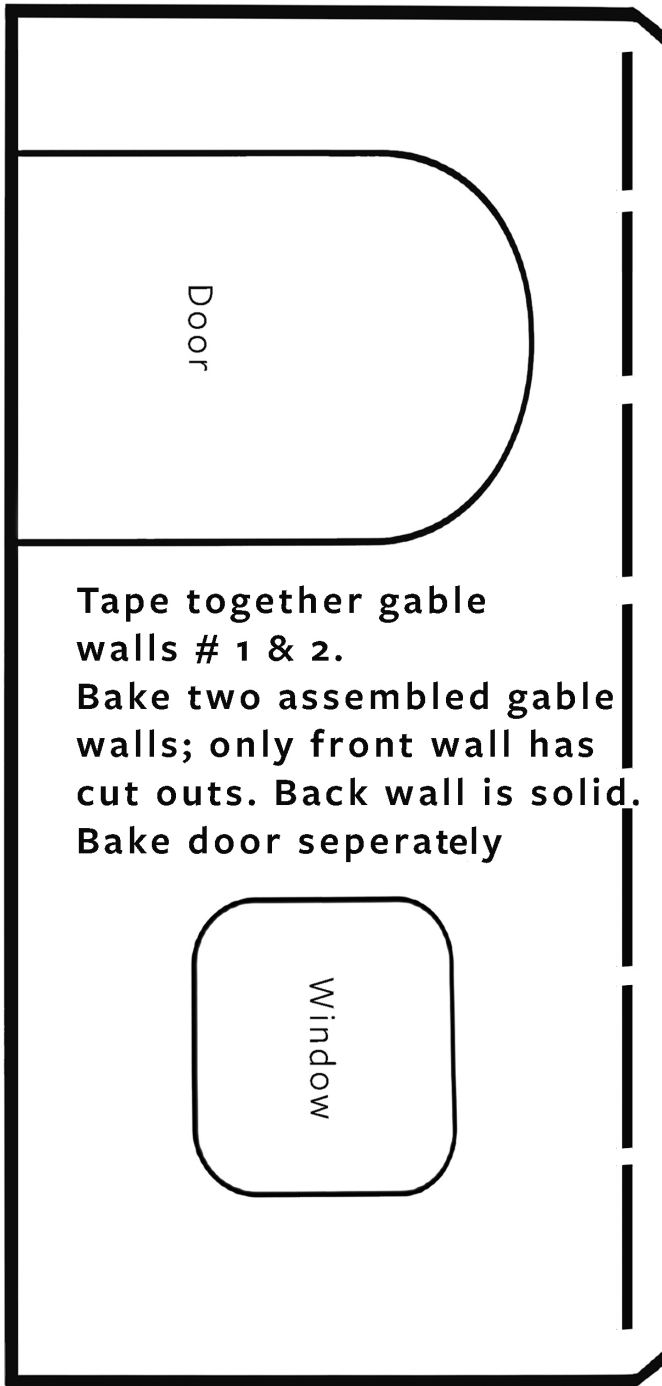

**Important: Print scale 100%, not scale to fit media, or fit to page.**

## Gable Template # 1 (lower part - front and back wall)

**Cut out window and door on front wall only.**

3-1/4 inches to where straight line ends

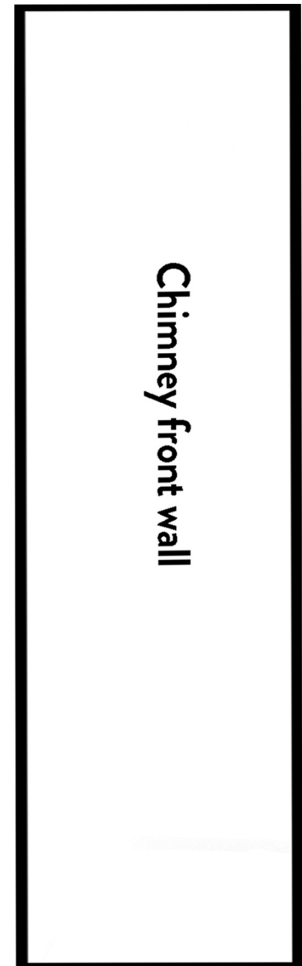

The angled lines are a guide for matching up with upper part (Gable template # 2).

7-1/8 inches

**Tape together gable walls # 1 & 2.  
Bake two assembled gable walls; only front wall has cut outs. Back wall is solid.  
Bake door seperately**

1-1/2 inches

5 inches

3-1/4 inches to where straight line ends

1-1/2 inches

**Important: Print scale 100%, not scale to fit media, or fit to page.**

## **Roof half # 2**

When both halves (# 1+2) are taped together, the roof template will measure 11 x 11 inches.

Bake two 11 x 11-inch roof plates.

After cutting and discarding the right side of the perforated line, this sheet of paper should measure 11 x 4-1/2 inches.

Overlap the left paper's edge onto the line on template "Roof half # 1."  
Ensure the roof measures 11 x 11 inches when taped together.

Cut along the perforated line.

Discard this side of the paper. (right side of the perforated line).

**Important: Print scale 100%, not scale to fit media, or fit to page.**

## **Roof half # 1**

**Roof 1 & 2 taped together will  
measure 11 x 11-inches.**

**Bake two of the assembled  
11 x 11-inch roof plates.**

**Line up paper template of Roof halves # 1 & 2 here.**

Important: Print scale 100%, not scale to fit media, or fit to page.
