Hello, Bakers!

Good news! To celebrate summer reading, my cookbook German Heritage Baking, Volume I is participating in a huge book sale through Smashwords and is

🍓 50% Off “German Heritage Baking, Volume I E-Book” This July!

That means you can download it and read it however you like—on your phone, tablet, Kindle, or iPad. Instructions on how to access it on your preferred reader or app are below.

It is an excellent opportunity to review the e-book and determine if you would like a hard copy, although the e-book is precisely the same and looks excellent on e-readers. It is called the summer/winter July discount because in Australia (southern hemisphere), it is winter right now.

You will find the promo here starting on July 1, so save the link:

Other Happenings in my Kitchen

I am working on Book II, as you probably already know. I am making good progress with the bread section, and I am delighted to have discovered new flour combinations that maximize aroma and taste.

Since it is cherry season, I baked my Cherry Chocolate Almond Cake yesterday. The recipe will be in German Heritage Baking, Volume II.

Enjoy the pictures of the cake and the all sourdough bread. My husband made open faced Ruebens for lunch. It was a delightful!

As always Happy Baking to you! Viel Spass beim Backen!
